

## Themes and Trends in UK Boarding Schools (EN)

**Duncan Weller (SJ)**

**High School Dean of Student Life**

### Description:

During the session, we will discuss the latest trends at UK Boarding Schools, which are based on the Boarding Schools Association Conference and recent school visits to Sidcot and Millfield Schools in the UK. The session will begin with a presentation focusing on Pao school's strengths and areas for development. Participants will have the opportunity to discuss the ideas presented before engaging in a broader group discussion. Finally, there will be a reflective activity where action points for different campuses will be considered by relevant departments. Our focus areas will include Coaching Culture, Sleep Health, Gender Questioning Students, Managing the Youth Mental Health Crisis, Inclusivity, and the Boarding Community.
