Cross Campus Director of Curriculum Alignment

Description:

Join us for a one-hour workshop on Adaptive Schools Training from Thinking Collaborative. This session will focus on improving collaboration and communication skills among educators, aiming to foster a culture of professional growth. Participants will examine strategies for building effective teams, facilitating productive meetings, and creating a supportive learning environment. By adopting adaptive practices, educators can better address the varied needs of students and colleagues.

Outcome:

Attendees of the workshop will gain a deeper understanding of collaborative practices that enhance team dynamics and communication within educational settings. Participants will learn strategies for effective meeting facilitation, including setting clear agendas, managing discussions, and ensuring inclusive participation. The workshop will also provide insights into building and maintaining trust among colleagues.
