Empowering Departments
Through PowerSchool SIS Reporting (EN)

Stephanie Zhang (SJ)

Information systems and Data Center Coordinator

Description：

This session will showcase tips and tricks for PowerSchool SIS Reporting.

Learn how you can support the work of school-level administrators and

building leaders for different purposes or different departments' needs. We

will explore the new report functions in PowerSchool both for admin and

teacher access.

Outcome：

Share your ideas for data request including grades, class and whatever.
