**Age:** 12-15 years old (Year 7-9)

**Staffing:** 12 participants per group,  
with 2 outdoor instructors

**Venue:** Shennongjia, Hubei Province

**Price:** RMB 12,800 per session

## Discount Policy

10% discount for Pao students, and RMB 1,000 off for Pao families and referral/returning students.  
(\*Note: Offers are not stackable)

This year, we are partnering with the world's top Outward Bound public welfare organizations to bring students an upgraded outdoor exploration experience—a journey to mysterious Shennongjia. Through unique experiential learning and adventurous outdoor activities, we aim to help students discover their personal potential, enhance their social and leadership skills, and foster resilience and confidence. Participants will develop teamwork and problem-solving abilities while nurturing their determination and strength of character.

# Course Overview

## Course Highlights

**Authentic Adventure:** Participants engage directly with the natural environment under the guidance of a professional outdoor education team. With safety as a top priority, every participant faces meaningful challenges and immerses themselves in the journey. This experience fosters courage, resilience, and confidence.

**Deliberate Learning:** Challenges serve as a platform for learning rather than a goal in and of themselves. Through professional facilitation, guided reflection, and debriefing, participants critically examine their values and actions based on their experiences. This process leads to meaningful personal growth and deeper insights.

**Immersion in Nature:** Through an immersive experiential journey, participants embrace team living and connect deeply with their natural surroundings. This fosters greater empathy and responsibility towards the environment and the people around them, while cultivating collaboration and accountability.

## Course Benefits & Impact

- **International Certification:** Participants will receive a globally recognized certificate from a public welfare organization, enhancing their profile for overseas study applications.
- **Environmental Action:** Practical opportunities to apply classroom knowledge of nature and environmental conservation through real-world outdoor activities.
- **Personal Growth:** Develop courage, confidence, resilience, and empathy through challenges and reflection.
- **Team Integration:** Build friendships and improve communication and leadership skills through immersive team experiences.

## Course Schedule

Day 1	Arrival and Orientation
Day 2	Team Building and Safety Skills Training
Day 3	Outdoor Skills Training and Field Activities
Day 4	Wilderness Exploration
Day 5	Outdoor Challenges and Environmental Practices
Day 6	Return and Reflection

Note: The actual itinerary will be adjusted based on participants' information, weather conditions, and the natural environment, with safety as the primary consideration.
